Hi Richard and Lisa,

We (OSRTI) received the following media inquiry through the EOC PIO and are working to provide answers. We would like R8 input/review into our proposed responses, below. It appears from the email chain that the JIC and Area Command weighed in initially. We will work with OSWER and EOC PIO to respond once we hear back from R8.

Please let me know if you have any questions.

Thanks

Melissa

Good afternoon OSWER Team,

Below is a media inquiry and draft responses (in blue below) prepared by the JIC with input from Area Command. It's in regards to the commercial water treatment facility to be installed ahead of winter. Please review and add input as necessary. Due date: unspecified, reporter has been requesting for a few weeks now.

Thank you.

- Where would this be placed? Gladstone

- How much would the apparatus cost? The treatment options are still being evaluated, but our preliminary estimate is approximately \$2 million.

- Where will the money for this plant come from? Superfund

- Will the plant be permanent or temporary? Temporary
